**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tyson Y. Winarski, Reg. 41,381 on Monday, November 06, 2006.

The application has been amended as follows:

In claim 1, line 2 the word --a-- has been inserted between the words "having" and "cylinder"

The following is an examiner's statement of reasons for allowance: The prior art does not teach or render obvious the claimed combination in particular a motor with the lead wire that extends from the end face having the power supply terminal, between two adjacent teeth in the stator core to an opposite end face of the stator core.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
